**Item # | Product Name:** #302379 Dock Bridge Section 30" x 60"

Parts List:	Tools Needed:
1. Plastic Bridge Section 30 x 60	1. Ratchet and 9/16" socket
2. 3/8 x 2" bolt qty 6, Oval washer qty 2, 3/8" heavy washer qty 4, 3/8 lock washer qty 6	2. Hammer or Large Mallet
3.	3. Lubricant (optional)
4.	4.

## Assembly Instructions:

- Align the dock bridge section between two dock sections as shown below. Slide the bridge section into the channels on the dock sections. Use lubrication if necessary.

- Once the bridge section is in place, insert an oval washer into the two center slots and secure with the 3/8 x 2 bolts and lock washers. Install the remaining bolts, heavy washers and lock washers into the other 4 slots in the dock. Tighten securely.

Install oval washers into these two slots.
