Item # | Product Name: 302593 7" Easy Install Accessory Plate

Parts List:	Tools Needed:
1. Plastic Easy Install Plate qty 2	1. Ratchet and 9/16" socket
2. 3/8 x 2" bolt qty 2, 3/8" lock washer qty 2, 3/8" heavy washer qty 2	2.
3.	3.
4.	4.
5.	5.

Assembly Instructions:

1. Position accessory plate into the H-channel of the Wave Armor dock as shown below. The threaded insert in the edge of the plate should be to the left when facing the plate.

2. Turn accessory plate clockwise to lock it into the H-channel on the dock. It can usually be turned by hand but two bolts may be threaded into the face to make it easier to turn. Slide plate in the channel to align the threaded insert with the slot in the dock deck. Secure with the 3/8 x 2" bolt, lock washer and heavy washer. Repeat process for the second plate.
