Item # | Product Name: #302159 Pontoon Buoyancy Booster

Parts List:	Tools Needed:
1. Plastic Buoyancy Booster qty 2	1. None
2.	2.
3.	3.
4.	4.
5.	5.

Assembly Instructions:

- Slide buoyancy booster under the pontoon entrance close to the end as shown below. Once it is almost all way in, use the handle to force that end down under the water and then push forward and let the buoyancy booster slip into the notch on the pontoon port. **Caution: Keep fingers clear, do not let them get between the buoyancy booster and the pontoon port.** Repeat on other side.
